ABOUT

I'm currently studying for a Master's degree in Artificial Intelligence and Data Analytics at the University of Macedonia. In the last two semesters of my Bachelor's studies in Applied Informatics, I gained particular interest in the fields of Machine Learning and Data Analysis.

My goals? Interact in depth and enhance my prior experience with Machine Learning models, data analysis, statistical methods, and AI algorithms in general, while staying abreast of the emerging trends-techniques and their practical application in solving real-world challenges.
